

Provider Survey: Share Your Experiences Working with English Language Learners

The Massachusetts Department of Early Education and Care (EEC) in partnership with the Head Start State Collaboration Office has contracted with Hampshire Educational Collaborative to develop policies and approaches for working with English Language Learners (ELLs) in early education and care settings, birth to eight, in a mixed delivery system.

As a valuable part of this work, we are collecting input from the field. If you are an early education and care provider, we would like to hear about your work and experiences with ELL in Massachusetts.

Please visit <http://www.surveymonkey.com/s/9ZZSZBT> to share your input through a quick, confidential survey. This survey will be open for responses until Thursday, June 3 at 4:30pm. Thank you in advance for your participation.

If you have any questions regarding this survey please contact Jennifer Amaya-Thompson at 617-988-6634 or via email at Jennifer.Amaya-Thompson@state.ma.us.

Please Note: The term English Language Learner (ELL) refers to a child whose home or family language is a language other than or in addition to English. The term "English Language Learners" encompasses other terms frequently used, such as Dual Language Learners (DLL), Limited English Proficient (LEP), English learners, and children who speak a language other than English (LOTE).
